AUDITOR'S CERTIFICATE

We have examined the accounts of the Various Town Officers as of December 31, 1964. Our examination was made in accordance with the auditing standards as prescribed by the State Tax Commission, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion the statements herein present fairly the results of the operations of the Town Officers for the year 1964.

To increase its service to readers the Tuftonboro Library was opened four hours a week during the winter months of 1964. Gifts of electric heaters from friends of the library made this possible. The response to this program was encouraging, and it will be continued.

At a special town meeting, held August 26, 1964, it was voted to allow the Library Trustees to raise funds through private donations and Federal grants for a library building, to be built near the Central School. The generous response to this appeal indicates a wish for improved library facilities for Tuftonboro.

REPORT OF POLICE DEPARTMENT

In view of the fact that few people in Tuftonboro are fully aware of the organization and functions of the Tuftonboro Police Department, the following report might prove illuminating. The structure of the Department includes five active members and three special members who are presently taking courses on accident investigation, traffic law enforcement, criminal investigation and case preparation, criminal law and the laws of evidence. These courses are being offered by the Department of Safety, Division of State Police. In addition to these courses each member meets monthly with the Carroll County Law Enforcement Association which is comprised of members of Police Departments of all Towns within Carroll County, the Carroll County Sheriffs Department, New Hampshire State Police and the Offices of many local Attorneys including the County Attorney. These courses and meetings are attended by the members on their own time and the training and lessons learned will add immeasurably to law enforcement and the protection of persons and property within our own Town. With the complexity of problems facing enforcement officials today, it behooves us to have efficient personnel, as well as efficient equipment to work with. With the ever-increasing number of motor vehicles on our highways today giving more people the freedom of the country there is also an ever-increasing demand for enforcement of our highway laws along with the demand for protection of persons and property. While most folks are intent on enjoying their limited freedom from everyday cares and want to enjoy this freedom, there is also the ever-increasing number of unscrupulous individuals who prey upon society for their own personal gains, and also seem to have utter disregard for the laws made to protect this society. If it were not for law enforcement as it is knowntoday, there would be no control over

these individuals who disregard the safety and property of others.

A very gratifying fact is the decreased number of accidents reported to and covered by the Police Departments during 1964 compared with 1963, and also the decreased number of acts of vandalism and thefts reported. There was however an increase in motor vehicle violations handled by this department which resulted in court action and in some cases, loss of license.

	1963	1964
Number of accidents reported	18	12
Number of persons injured (motor vehicle)	28	4
Motor vehicles, warnings issued	56	74
Court action, summons	19	32
Suspension of license	5	11
Number of arrests	3	5
Attempted theft of Motor Vehicles		2
Theft of property reported	7	4
Breaking and Entry	6	3
Acts of Vandalism	14	5
Attempted Suicides		1
Number of complaints	38	62
Aid to other Departments	16	28

The decrease in vandalism and property damage is attributed to the supervision of Police personnel on patrol which has been maintained at a high level again this year, and also to the citizen who has taken the time and interest to report incidents of suspicious nature. Your Police Department is a valuable asset to the protection of lives and property and everyone benefits when we are able to respond promptly and efficiently to your needs. The cooperation of all citizens is needed to help reduce the losses in life and property and to eliminate financial losses by remembering these simple rules.

Obey all speed laws and highway signs pertaining to passing zones. Maintain your speed for the conditions of the highway and drive your car as if your life depends upon it, because it does!

Report all acts of misdemeanors and maliciousness as soon as possible. Do not wait until it is too late for the Police Department to take action.

Observe and try to record the registration number of all vehicles that may act suspicious or may be parked in a place where it does not belong, and report immediately.

Report immediately to your Police Department any persons that may act suspicious to you or are in an area where they are not authorized, especially around schools when they are in session.

All magazine and products salesmen unknown to you should have written authorization from the Selectmen or Chief of Police permitting them to solicit within this town. Septic tank cleaning outfits and home improvement concerns should also possess this permit.

All in all, your Police Department has had a successful year of organization and administration, and it is sincerely hoped that YOU, the citizens and taxpayers of Tuftonboro, will continue to give it the support and help that it deserves. Remember too, that it is the prime function of the Police Department to serve the people in the community and try to preserve lives and property, but we can do this only when we receive your fullest cooperation, and it is the duty of every citizen to see that the basic rules on the highway and in your community are practiced.

CARL I. HANSEN
Chief of Police

REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy — both industrial and recreational — is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area — 4,350,000 acres — is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.

2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.

3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.
